Jerry + Dolores, thought you might like to have a copy of what Virgil + I have collected of the Stanleys. Thanks for your help. I hear you've done quite a bit on genealogy. We're happy to receive anything you might share. A.  
Dear Family,

I hope you haven't been holding your breath for the STANLEY FAMILY information. I knew that if I didn't get all the information back from you long before December 1, 1998, I'd be a long time in getting it finished. Little did I know that it would be 10 months later! Have you all been busy?? I've been busy!!

A brief catch up. After Ernest and I spent 3 months in Sarasota we came home April 1 ready to get annual health exams. A few complications. In short, as a result of Ernest's seeing the dermatologist a breast lump found and diagnosed as breast cancer near the end of May. Surgery in early June and recovery, then the process of getting ready for chemotherapy. The last treatment comes near the end of October. So far Ernest is doing better than we expected, but he does have days when he doesn't feel great. Today is one of those. In the meantime, I had my physical and a number of questionable areas came up. So I've had a stress test for heart and blood pressure, a sigmoidoscopy and barium enema to check out the IBS (colon area), another breast ultrasound, and a pelvic to schedule some surgery some time soon. Other than that, I'm well. So far all tests O.K.

In short, I have spent the better part of 6 months in medical offices for one thing or another, and each visit for Ernest and/or me taking from 1 to 6 hours sometimes 3 a week. I've done a lot of knitting, reading, writing, and quilting while WAITING.

Here is my last version of the DESCENDANCY CHART. I have a feeling you will find mistakes IF YOU READ CAREFULLY. Do me the favor of sending me corrections, if you wish the information for your family to be accurate. I will gladly make corrections.

1. John Montrose Stanley and Odella Erastus Holt
2. Their children (Vernie, Roney, Flora, Seth and Mary)
3. Their grandchildren (Elijah, Evangeline, Collene, Marlene, Jerry, etc.)
4. Their great-grandchildren
5. Their great-great-grandchildren
6. Their great-great-great-grandchildren (there are 5 or 6!!)

So see if you can read this thing and figure it all out. I got a few dates and name spellings in conflict with others. So I just picked a guess. Help me to correct those.

This has been time consuming and costly. I hope it will be worth it.

Love,  
Amita
